

REMARKS

Claims 11-14 and 18 are now in this application.

Applicants thank the Examiner for the cordial telephonic interview of March 14, 2008.

Applicants attorney told the Examiner that this amendment, pursuant to 35 CRF 1/312, would be filed to correct the typographical error found in Attachment B of the Examiner's Attachment.

In addition, applicants' preference to have only method claims in this application was discussed. To do so claims 1-10 and 15-17 would be cancelled without prejudice and applicants reserve the right to file these allowed claims in a continuation application. The Examiner indicates that he would have to discuss this with his Supervisor.

The Examiner called back and said he had no issue with applicants' preference but a Terminal Disclaimer would have to be filed in the Continuation application.

It should be noted that the allowed claims 1-10 and 15-17 are cancelled for the sole purpose to facilitate having only method claims in this application and for no other purpose. As a consequence, applicants are not conceding that these claims are unpatentable. Therefore, claims 1-10 and 15-17 will be filed in a Continuation application.

CONCLUSION

No new matter has been added. Therefore, entry of this amendment and a Supplemental or the Notice of Allowance identifying only the method claims is, respectfully, solicited.

Although it is believed no fees are due, the Commissioner is authorized to charge any fees associated with filing of this correspondence to the Deposit Account No. **09-1990**.

Respectfully submitted,

Date: April 14, 2008
